

# Work notice: Central City Transport Projects Antigua/Tuam intersection works

**What** Rebuilding the road at the intersection of Tuam and Antigua Streets over two weekends

**Where** The Tuam and Antigua Street intersection

**When** Over the weekends of 3-6 and 10-13 May from 8pm Friday until 6am Monday.

## WEEK 1 (3—6 MAY)

Source: OpenStreetMap.

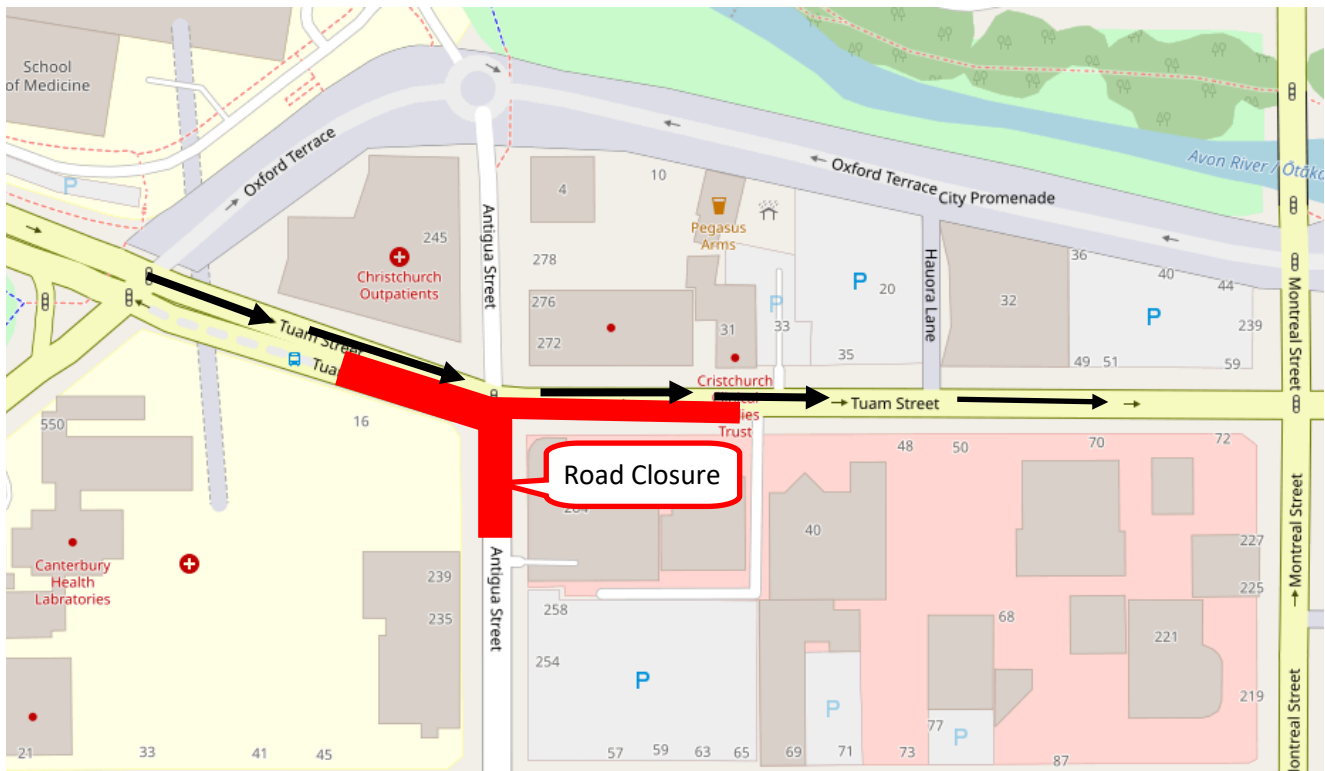

## TRAFFIC IMPACTS

Tuam Street will be reduced to one lane. Antigua Street between Oxford Terrace and Tuam Street will be closed from 8pm Friday until 6am Monday.

Cars on Oxford Terrace wanting to exit onto Antigua Street will be detoured further along Oxford Terrace to a parking lot which will provide access to Tuam Street.

Pedestrians, please follow the signs and take extra care around the work site.

## WEEK 2 (10—13 MAY)

Source: OpenStreetMap.

### TRAFFIC IMPACTS

Tuam Street will be reduced to one lane. Cars will not be able to turn right onto Antigua Street from Tuam Street from 8pm Friday until 6am Monday.

Pedestrians, please follow the signs and take extra care around the work site.

### THE WORK

The programme of work for the two weekends is as follows:

Friday night: Dig out the existing road surface by about half a metre and put in a hardfill.

Saturday day: Install the first new layer of road surface and lower service manholes to the new finish level.

Sunday day: Lay two layers of asphalt, construct temporary ramps and complete temporary line marking.

Final road surfacing will take place September/October when the weather is warmer and more settled.

Work is subject to weather and on site conditions. If work cannot go ahead on these dates it will be delayed until the following weekend.

Thank you for your patience while we complete this important work.
